

AIRWING

AirWing draws from the fluid lines of nature to express a forward-thinking design ethos. The borderless worksurface supports agile decision-making, while the unibody leg structure balances stability and visual lightness. With refined woodgrains that shift subtly with the light, every curve reflects a thoughtful fusion of function and form.

Features

- Ultra-wide, seamless desktop offers generous space for documents and an open, flexible workflow
- The dual-layered desktop adds depth with a subtly raised upper tier and offers writing comfort with an angled lower tier and beveled edges
- The unibody base with a central cutout blends into the space and meets BIFMA strength standards
- Angled inward base design maximizes knee clearance, keeping corner seating open and comfortable
- 3D wood veneer, hand-polished for rich grain and visible natural pores in every details
- Handle-free side cabinets with inward-angled edges offer a clean look and smooth, intuitive access

Integrated Cable Box, Quiet Access

Dual-layered Desktop, Visually Dynamic

Fingerprint Lock, Smart and Secure

Ample Storage, Neatly Organized
