

MELLOW

Mellow features R60 rounded corners for a soft, approachable aesthetic and an L-shaped layout with zoned storage for an organized, efficient workspace. Its two-tone finish and double-layer desktop convey sophistication and a sense of professional progression. Every detail reflects refined taste, while the design maintains order and functionality across the workspace.

Features

- The desktop edges, base, and cabinet corners feature R30 rounded corners, reducing accidental bumps while conveying a sense of thoughtful design.
- Desk and cabinet corners are seamlessly formed using 3D molding and a 3D high-precision film, delivering smooth transitions and consistent color.
- The desktop has a cable cover, and the side cabinet houses two 86-type outlets with wiring routed internally, keeping the workspace clean and organized.
- Open and closed storage zones in the side cabinet ensure every item has its place, combining practicality with visual order.
- The two-tone finish combines warm, tactile natural wood on all exposed surfaces with muted grey on panels and inside the cabinet, creating a sense of calm order while maintaining an inviting, approachable feel.
- The double-layer desktop, with an 8mm hollowed section between layers, adds subtle depth and a sense of sophistication.

Concealed Wiring, Easy Power Access

Zoned Storage, Everything in Place

Double-Layer Desktop, Layered Visual Depth
