

MAXIM II

Inspired by Bauhaus geometry, Maxim brings together architectural clarity and the refined texture of solid wood. Every detail is carefully considered to create an executive collection defined by material integrity and quiet sophistication. Rooted in Italian minimalism, Maxim reveals elegance through simplicity.

Features

- The π-shaped leg design presents a light and flexible appearance, paired with a unified under-desk structure for a distinctive and contemporary look.
- The L-shaped leg features clean, square lines, with 90° angles formed between the leg, desktop, and floor to convey stability and strength.
- Functional desktop zoning supports refined and organized work, while partitioned storage and meeting configurations create a polished image and enable efficient communication.
- A consistent 45° beveled edge runs throughout the collection, adding depth and refined detail.
- German-engineered equipment and multi-stage embossing processes create a surface that replicates the natural grain of solid wood with a warm, authentic tactile feel.
- The executive desktop combines wood particle board with ultra-fiber leather panels, with contrasting materials that enhance tactile depth and variation.

Flip-up power access, clean and organized surface

45° angled concealed handle, smooth and silent sliding

Semi-open storage cabinet with structured organization

Rectangular conference table with a calm and composed presence
