EDUCATION

BRING AN INQUISITIVE,
HEALTHY AND JOYFUL ENVIRONMENT

Modern education has experienced dramatic revolutions, thus presents a landscape deviated from the traditional one. Instead of pursuing a cramming pedagogy, today's schools set more eyes on the comprehensive development of students. Lessons are carried out with students at the core instead of teachers. Every single spot within the campus has witnessed the sweat and tears of hard-working students. Learning respects no borders. We should constitute a student-centered learning space, where students can actively and pleasantly be immersed in study.

X Series 02

Z Series 26

X Series

Be Immersed
In The Ocean
Of Books.

K 历史，地理

Finding a book should never be a tough issue.
The recessed index strip makes the category
crystal clear, and easy to update with.
The top panel can be decorated with logos
or indexes to give readers accurate directions.
Numerous index strips give visitors a clear guidance.

Those moments spent in laborary should be cherished.
When past meets present, inspirations arise.

1.Touch lamp offers 3-level brightness control.
2.Cables are managed and stowed neatly out of sight.
3.Press-up sockets offer long-lasting power support for your progress.

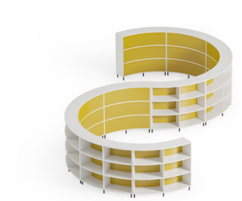

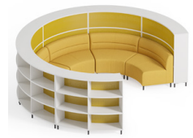

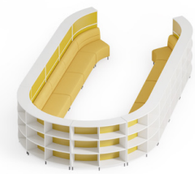

Regular Bookshelf

Single-sided/double-sided bookshelves are available in two-layer and three-layer options, harmoniously fitting in different establishments. The colorful back panel of the single-sided bookshelf brings an added touch of personalization while the double-sided one accommodates more books.

Arc-shaped Bookshelf

The curving stretching of the bookshelf optimizes the real estate and takes on many looks like S shape, C shape, and U shape. For any place and every need.

Double-sided bookshelf can store more books.

Single-sided bookshelf decorates space with vibrant colors.

Smart Reading Desk

Smart Reservation

Boundless
Reading

Technology that truly cares.

Sleek design with rounded edges and

Frosted glass panels

60° optimal lighting angle

Smart Reservation System

The library of the future is evolving to be smarter and more connected. With our smart reservation system, you can book a seat in the public study area, a private study room, or a group discussion room online. Instantly check available spaces and efficiently manage your study environment.

Smart Charging Slot

① E-ink Booking Screen

② 5-Port Power Outlet

③ Charging Port

Available

Reserved

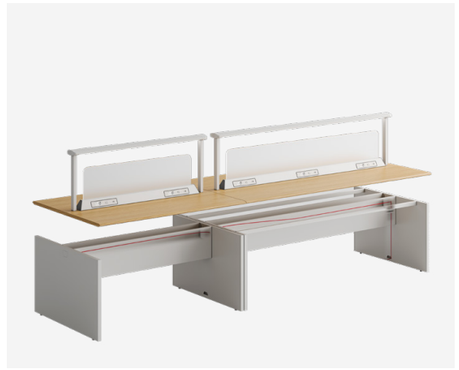

In Use

The hidden cable design keeps your space tidy. Flip the panel 90° for easy access to cables and maintenance.

The desks are connected through discreet cable ports with punch holes, making it easy to install power across multiple tables.

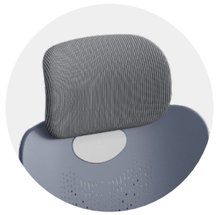

Z Series

Ergonomics
boosts
healthy study.

Effortless Recline, Comfortable Rest

A simple pull transforms the chair into a resting position, while the smooth 90–160° adjustable recline supports natural body movement and relaxation. Rounded edges and reinforced construction provide added safety, making every break more comfortable.

Adjustable Headrest

Breathable Lumbar Support

Adjustable Footrest

Safety Armrest

Recessed Casters

Note: All Z Series study-and-rest desks and chairs are height-adjustable.

From Study to Break, Smoothly

A flat work surface supports focused learning, while a 40° tilt creates more room for comfortable breaks. The durable, stain-resistant finish stands up to everyday classroom use.

Rounded table corners

Desk-Side Hook

40° foldable

Non-Slip Foot Caps

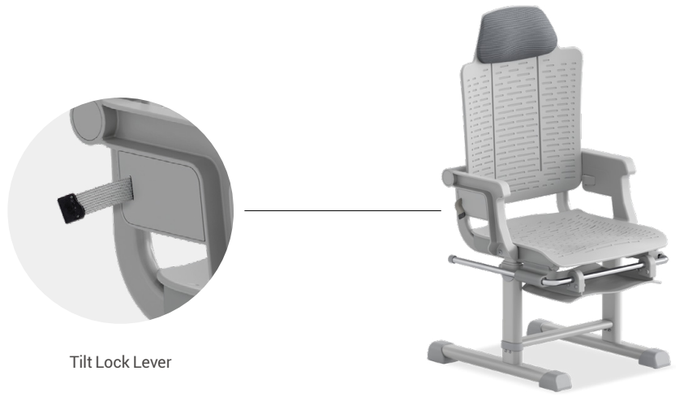

Optional Footrest

Comfort in Every Position

Integrated side armrests provide extra support during rest, helping users stay comfortably positioned. The adjustable headrest offers ergonomic support for the head, neck, and back, whether studying or reclining.

Tilt Lock Lever

Layout Spacing of 90cm Junior Desks and Chairs

Low-Back Design for Better Visibility

With a 355 mm low-profile backrest, the student chair provides comfortable back support during breaks while maintaining clear sightlines for students behind.

Contoured Ergonomic Support

Designed for growing students, the high-grade model combines a contoured seat, lumbar support, and adjustable headrest to provide balanced support from hips to neck.

A simple press activates the 40° recline, allowing a smooth transition from study to rest.

Minimal Design, Natural Integration

Available in single and double configurations, the clean color palette creates a fresh and inviting look. Whether arranged together or placed independently, the chairs blend seamlessly into any learning environment.

Integrated Pen Tray, Quick Access to Stationery

Soft-Touch PP Edge, Smooth and Comfortable Handling

Wire-Frame Drawer, Easy Cleaning

Smooth-Glide Casters, Effortless Movement

The double desk layout keeps pathways clear and allows students to move freely without disruption. Open sightlines help maintain a focused classroom environment.

Desks can be easily rearranged for group discussions, creating collaborative spaces in moments.

Enhanced Flexibility and Efficiency

Single and double student desks can work together in countless ways and meet diverse practical needs.

Front directional casters and rear adjuster feet encourage teachers to experiment with the space and make changes based on practical needs.

The human-centered storing scheme together with scientific cabling solution accelerates “paperless education”- be it an iPad, an e-dictionary, or a laptop.

Alluring to your eye and satisfying to your body, Model creates a relaxing learning space with its simple look, diverse bases, and optional under-desk shelves and small writing boards.

Minimalist looks and writing board configuration make this chair a widely-used one.

Find the Right Fit

Multiple creative shapes offer a wide selection of combination options. Studying, chatting, discussing—any activity that brings students together to engage with one another can be centered around here.

When desks become Lego, the connection of desks is like a game. The quick-snap function of desks lets many units be grouped together immediately.

The tray on the desk allows you to stow away trinkets while a two-sided erasable whiteboard makes good ideas nowhere to escape.

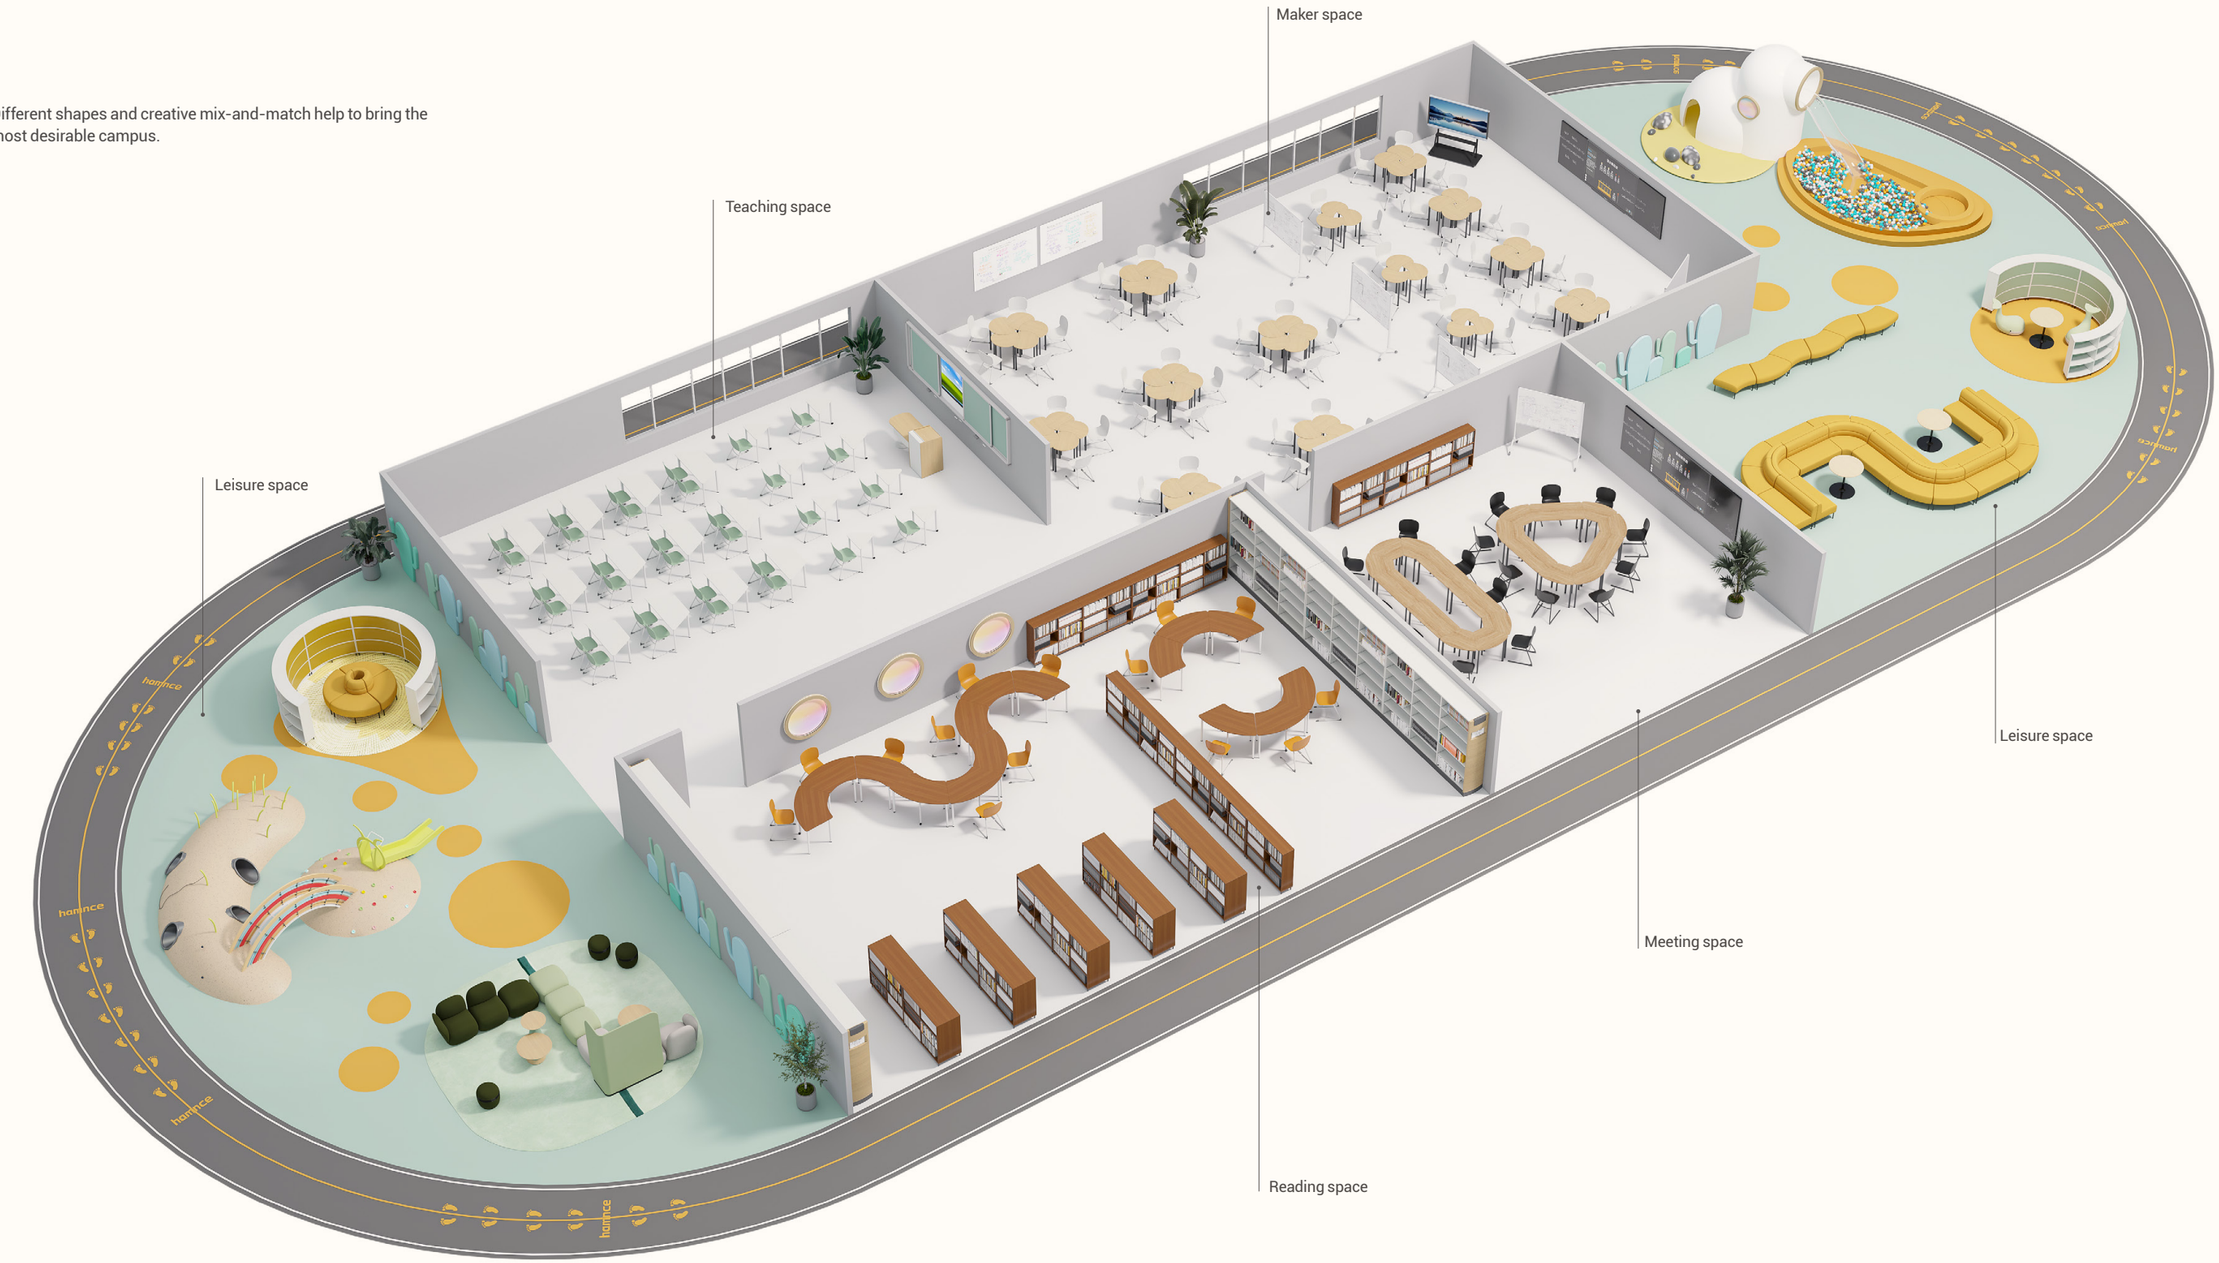

Many combination options add to its suitability for use in any environment.

Adjuster feet and omni-directional casters make fixed, flexible and semi-flexible models possible, adaptable to different scenarios in the classroom naturally.

Different shapes and creative mix-and-match help to bring the most desirable campus.

A PRAGMATIC STORAGE SOLUTION

Reshape Campus

Based on the practical needs of students, the Z series bag cabinet includes high/low cabinets, 2/3-layer cabinets, private cabinets, open cabinets, as well as book racks, and flower racks.

ALLURING TO THE EYE AND SATISFYING TO THE HAND

Reshape Campus

Swipe the card to open the door

Display nameplates

Slot for putting in books

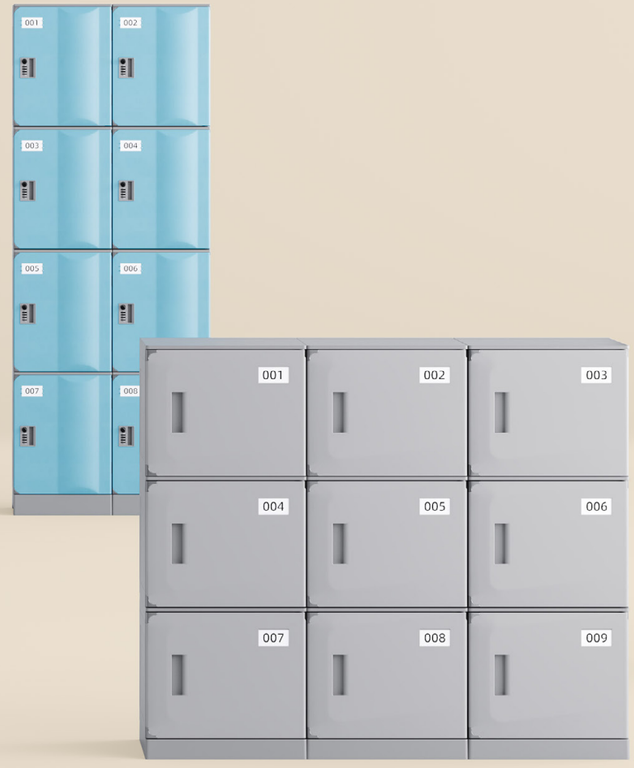

Large storage space gives you quick access to daily-use goods.

Modular Storage for Every Space

Available in three vibrant colors, the all-plastic school bag lockers offer flexible sizes and configurations to fit different classroom layouts. Smart combinations make every space work efficiently.

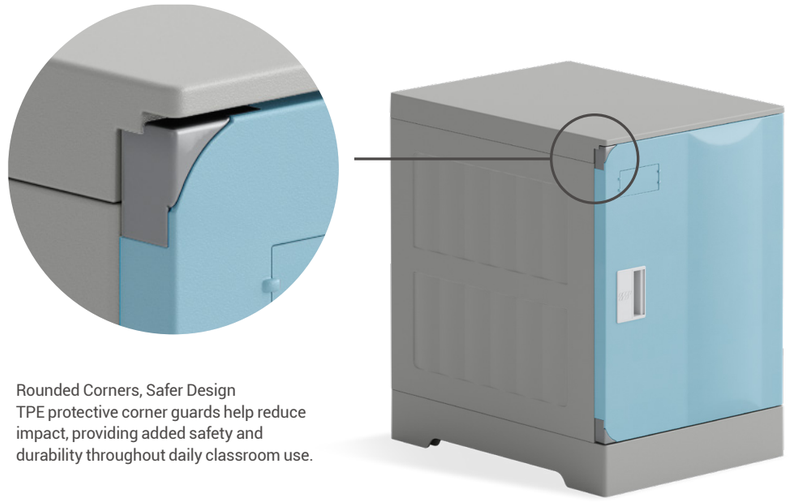

Each student has dedicated storage cabinet for books, clothing, and personal items, keeping desktops clear and creating a more focused learning environment.

Rounded Corners, Safer Design
TPE protective corner guards help reduce impact, providing added safety and durability throughout daily classroom use.

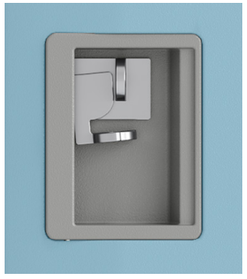

Classic Model:
Mechanical Lock

Convenient Model:
4-Digit Combination Lock

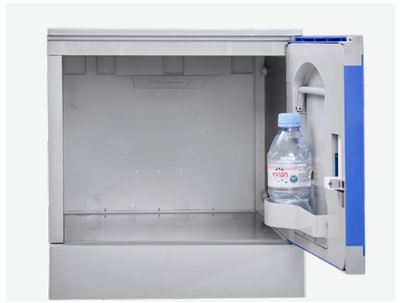

Smart Model:
ID Electronic Lock

Deluxe Edition:
Built-in Padlock

Personal Locker, Organized Everyday

Dedicated storage keeps bags, jackets, and bottles neatly arranged and easily accessible throughout the school day.

A folding towel bar and bottle holder provide smart wet-dry separation without taking up extra space.

Reserved number plate slots allow quick identification at a glance.

Moisture-Resistant Storage for Changing Areas

The all-plastic locker withstands humid environments without rusting, keeping clothing and footwear neatly organized. Separate compartments help keep clean and used items apart. An adjustable shelf adapts to different garment lengths for versatile storage.

Steel magnetic door panel can be used as a display area.

Mobile file cabinet stores items
in an orderly fashion.

A VERSATILE CABINET

Reshape Campus

This cabinet serves both sitting and storing needs. The soft cushion keeps the person comfortable as he or she sits and changes shoes. The upper layer of the cabinet can store packsack while the lower layer can store shoes. Designed to use less, yet deliver so much.

Power Up with Books

A room without books is like a body without a soul. Here books and periodicals are divided and placed orderly so you can find whatever you want to read in a timely manner.

ROUNDED EDGES PROTECT STUDENTS FROM HARMING THEMSELVES WHEN PLAYING AROUND.

With podium and desk rolled into one, this furniture gives teachers more freedom to finish the teaching task, efficiently and comfortably.

The podium is available in both fixed and mobile options. The storing tray placed on the surface holds small items like chalks and pens, while the interior space can be divided by shelf panels to store small items.

Necessities area: Place chalks, marker pens, pen holder, bottles, etc.

Books area: Inclined design benefits book content display.
