

Instruction for Use

These are the instructions for product use. Please read and follow the guidance of the instructions for proper use and maintenance of your furniture so as to maintain their sound condition after many years of use. Precautions in furniture use:

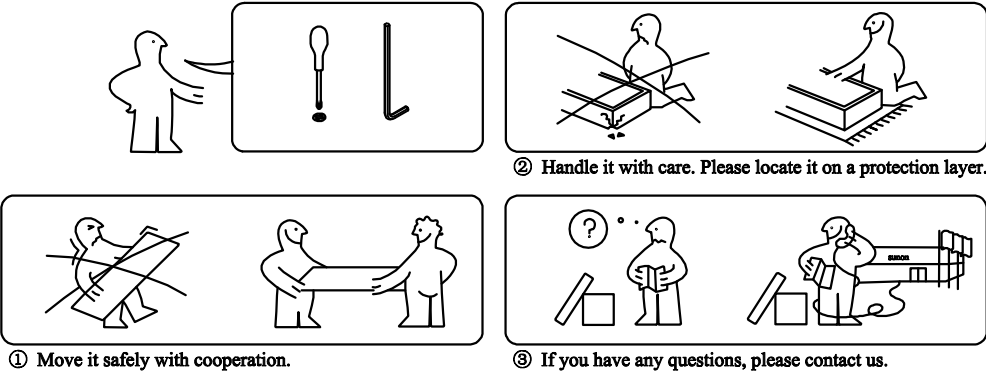

Trouble Shooting

Problems	Analysis	Solutions
The sofa is not stable after being placed.	Four feet are not evenly grounded.	Flatten the bottom of the sofa with a suitable hard material.
Moving parts are not working properly.	Loose moving parts or lack of lubricant.	Tighten the connecting screws and add lubricant as appropriate.
Sofa makes a sound.	Sofa feet rub against the ground and make a sound.	Floor protectors.
Sofa leather or cloth wrinkles.	Caused by transportation squeeze.	Tap the leather/cloth surface with your hand to restore the appearance.

Assembly Instruction

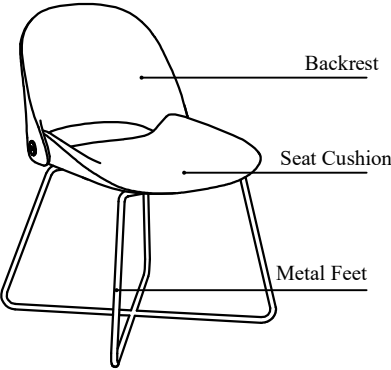

- Please decide the location of your furniture before installation to avoid moving them in a large scale after it is completely installed.
 - Do not place your furniture in dark and damp or hot and dry environment.
 - Please check the number of packaging bags, view the product installation manual and verify the product structure.
 - Please check the direction of each part when unpacking them before installation.
 - Please install the product patiently. Make sure that each part is in the right position.
- Furniture is easy to assemble, but it takes patience and carefulness to do a meticulous job.
- Please check the stability of the furniture after installation. Shake your furniture gently to confirm whether it is level with the ground or whether the screw is tight.
 - Please keep the furniture unoccupied for a period of time. Open the cabinet and drawer to release residual painting odor.

Instruction for Use

These are the instructions for product use. Please read and follow the guidance of the instructions for proper use and maintenance of your furniture so as to maintain their sound condition after many years of use. Precautions in furniture use:

Do not use pesticide or other chemicals to clean the chair, or it may result in the discoloration and metamorphism.

Do not use corrosive chemicals to clean the chair, or it may result in the discoloration and metamorphism.

In order to avoid deformation or discoloration, the sofa is not allowed to be placed directly under sunlight.

Please use leather cleanser or a white towel with a little alcohol to softly wipe the stain on the sofa.

Wing out wet towel, and use it to softly clean the sofa, or use a vacuum cleaner to remove the dust.

Please don't play or jump on the sofa, and sweat is recommended to not directly touch the sofa.

Please do not directly stand on the sofa, which might result in collapse or damage of the sofa's surface.

Warning
Please contact our after-sale team if it breaks down, and do not disassemble it without permission.

Caution
Please contact our after-sale team if there's any problem with the sofa.

Do not use corrosive chemicals to clean the chair, or it may result in the discoloration and metamorphism.

In order to avoid deformation or discoloration, the sofa is not allowed to be placed directly under sunlight.

Please use leather cleaner or a white towel with a little alcohol to softly wipe the stain on the sofa.

Wring out wet towel, and use it to softly clean the sofa, or use a vacuum cleaner to remove the dust.

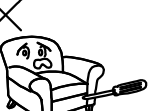

Please keep the sofa at least 50cm away from heat source, and keep ventilated all the time.

Please don't play or jump on the sofa, and sweat is recommended to not directly touch the sofa.

Please do not directly stand on the sofa, which might result in collapse or damage of the sofa's surface.

Warning
Please contact our after-sale team if it breaks down, and do not disassemble it without permission.

Caution
Please contact our after-sale team if there's any problem with the sofa.

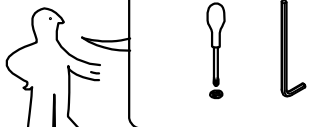

Trouble Shooting

Problems	Analysis	Solutions
The sofa is not stable after being placed.	Four feet are not evenly grounded.	Flatten the bottom of the sofa with a suitable hard material.
Moving parts are not working properly.	Loose moving parts or lack of lubricant.	Tighten the connecting screws and add lubricant as appropriate.
Sofa makes a sound.	Sofa feet rub against the ground and make a sound.	Floor protectors.
Sofa leather or cloth wrinkles.	Caused by transportation squeeze.	Tap the leather/cloth surface with your hand to restore the appearance.

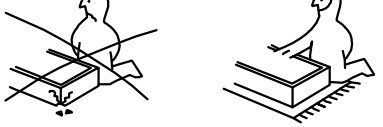

Assembly Instruction

- Please decide the location of your furniture before installation to avoid moving them in a large scale after it is completely installed.
 - Do not place your furniture in dark and damp or hot and dry environment.
 - Please check the number of packaging bags, view the product installation manual and verify the product structure.
 - Please check the direction of each part when unpacking them before installation.
 - Please install the product patiently. Make sure that each part is in the right position.
- Furniture is easy to assemble, but it takes patience and carefulness to do a meticulous job.
- Please check the stability of the furniture after installation. Shake your furniture gently to confirm whether it is level with the ground or whether the screw is tight.
 - Please keep the furniture unoccupied for a period of time. Open the cabinet and drawer to release residual painting odor.

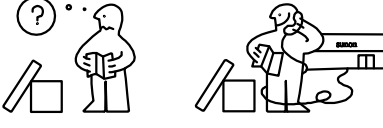

Attention

① Move it safely with cooperation.

② Handle it with care. Please locate it on a protection layer.

③ If you have any questions, please contact us.
